EDITORIAL.

The Freshman Class, ever alive to the interests of its *Alma Mater*, has compiled this Miscellany containing a *resume* of college life, hoping that in it not only our fellow-students may find something to recall the happy days gone by, but that the patrons of dear Lafayette may also see something of the inner life of this institution. THE MIRROR follows in the wake of *The Reporter*, and presents the college organizations and items of interest to both student and graduate.

Among the number of marked improvements, the beautifying of the college grounds is noticeable. New walks have been laid out, roads have been graded and shrubbery planted. Old eye-sores are being removed, and at Commencement Lafayette will be dressed in such garments as are meet for the occasion. The winding walk is finished, and it forms a fit substitute for the old college steps. Ground has already been broken for a Scientific building and dormitories, which will be completed ere another graduating class goes forth.

A reading-room has been opened in the Eastonian wing, which is supplied with excellent reading matter, and is well patronized by the students. A chair of Elocution was endowed, two terms ago, and is now filled by Prof. BARLOW, late of Amherst College. The Literary Societies have held open entertainments, this year, and may we not hope that this is the beginning of an era of good feeling between the

societies which will result in having open Halls? The class of '71, which has done much for the College, published, during the past year, a college magazine, called "*The Lafayette Monthly*," which will be continued by the class of '72.

The Junior boat-club, which was the first organized in College, has been followed by boating organizations in the Freshman class and the Delta Kappa Epsilon Fraternity, and we trust that ere another year, the Lafayette navy will row side by side with Yale, Harvard and the other college navies in their annual regatta.

Of those members of College who are soon to leave us, some will take their stand in the busy marts of trade, some have already glowing visions of dingy documents and writs to be filed; of crowded court rooms, the audience assembled to listen to their appeals; others have wafted themselves away to the pulpit or the bed of sickness; or perchance some one more unlucky than the rest, has taken the pen between his fingers and upon his expansive brow is stamped in indelible figure the genius contained therein—but faithful representatives will they all be of our noble *Alma Mater*. To you all we say: May God help you in the great work set before you.

BRAINERD EVANGELICAL SOCIETY.

ORGANIZED 1833.

"Go Work To-day in my Vineyard."

The objects of this Society are to advance the standard of Christianity in College, and awaken an interest in the Missionary work.

The Society maintains a Reading Room in College, and has a Library of five hundred volumes. Many of the prominent Clergy and Laymen of our land were formerly connected with this organization. Its Anniversary is held on Sunday eve preceding Commencement.

Regular daily Prayer-Meetings are held at 6 P. M., under the auspices of this society. About sixty of its members are engaged as Superintendents and Teachers of Sunday Schools in and around Easton. Eight of these schools, and several weekly Cottage Prayer-Meetings are conducted almost wholly by them.

The Schools are as follows:

CEDARVILLE	JEFF. SNYDER, SUPT.
HOPEWELL	S. L. STIVER, "
DELAWARE	W. S. LONG, "
BUSHKILL	J. B. ANDREWS, "
JACKSON	F. GUTELIUS, "
CHESTNUT HILL	M. L. COOK, "
DELAWARE UNION	E. BENSON, "
COLLEGE HILL	J. M. CRAWFORD, "

OFFICERS.

FRESHMEN.

R. H. FULTON.....Co. H, 54th Pa.....PRIVATE.

ALUMNI ASSOCIATION.

The Annual Meeting is held on Tuesday afternoon of Commencement week, at which an Oration and Poem are pronounced. The Association is composed of graduates, and such of their classmates who left College before graduation, and in good standing, as may have been elected.

Subscriptions, confined to one hundred dollars each, to the fund for endowing an Alumni Professorship, have been made to the amount of $11,000, of which $6000 have been paid in. This is in addition to numerous gifts of larger sums, from members of the Association, to the general funds of the College. The recent effort to secure five thousand dollars for the erection of a Monument to commemorate the services of those who fell in the late war for the Union, is nearly complete.

A Register of the post-office address of all who have been matriculated at Lafayette, is kept by the Secretary, who is anxious to receive early information of all changes, and also to be furnished with Biographical Sketches of all alumni, copies of their works, and their photographs, card size, to be preserved in the archives of the Association.

OFFICERS FOR 1870-71.

PRESIDENT.

Rev. WILLIAM ALFRED JENKS.....Bridesburg, Pa.

VICE-PRESIDENT.

Rev. SAMUAL FISHER COLT.....Wysox, Pa.

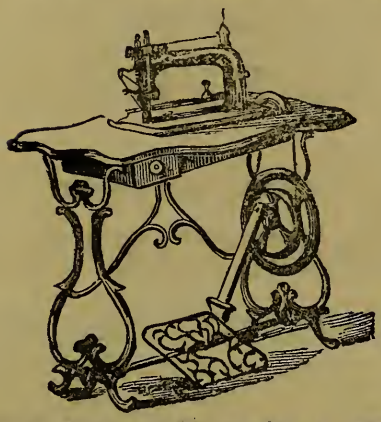
THE AMERICAN

BUTTON-HOLE,



OVERSEAMING,

And Complete Sewing Machine.

THE FIRST AND ONLY BUTTON-HOLE AND SEWING MACHINE COMBINED THAT HAS MADE ITS ADVENT IN THIS OR ANY OTHER COUNTRY.

☞ *The following Reasons are given why this is the best Family Machine to Purchase:*

1. Because it will do everything that any machine can do, sewing from the finest to the coarsest material, hemming, felling, cording, braiding, binding, gathering and sewing on, at the same time ruffling, quilting, etc., better than any other machine.

2. Because its tensions are more easily adjusted than any other machine.

3. Because it can work a beautiful button-hole, making as fine a pearl as by the hand.

4. Because it will embroider over the edge, making a neat and beautiful border on any garment.

5. Because it will work a beautiful eyelet hole.

6. Because it can do over-hand seaming, by which sheets, pillow-cases and the like, are sewed over and over.

7. Because you can quickly raise or lower the feed to adapt it to thick or thin cloth.

8. Because you have a short deep bobbin by which the thread is constantly drawn from the centre; the tension is consequently even, and does not break the thread.

9. Because the presser-foot turns back; that the cloth can easily be removed after being sewed.

10. Because the best mechanics pronounce it the best finished and made on the best principle of any machine manufactured. It has no springs to break; nothing to get out of order.

10. Because it is two machines in one. A BUTTON-HOLE WORKING and SEWING MACHINE combined.

☞ No other Machine can accomplish the kind of sewing stated in Nos. 3, 4, 5, and 6.

Parties using a family sewing machine want a WHOLE MACHINE—one with all the improvements.

It is to last a LIFETIME, and therefore one is wanted that will do the most work, and do it the best; and this machine can do several kinds of sewing not done on ANY OTHER MACHINE, besides doing every kind that all others can do. Price $75.

The American or Plain Sewing Machine,

(without the button-hole parts), does all that is done on the Combination, except buttou-hole and overseaming. Price $60.

Wood Cuts,
Title Pages,
Monograms,

And all work of a general or special character appertaining to

COLLEGES OR SCHOOLS.

PAPER BOATS

Have been rowed by the winners of NINETY RACES since their introduction in 1868, viz:—14 in 1868; 26 in 1869; and 50 in 1870.

For racing and training, they are preferred to those of wood by the midshipmen of the UNITED STATES NAVAL ACADEMY, by NUMEROUS BOAT CLUBS, and by numbers of THE BEST OARSMEN IN THE COUNTRY.

OUR NEW CIRCULAR AND PRICE LIST FOR 1871 IS NOW READY, and will be mailed free on application by letter.

We have in press, and shall publish early in July, our **Annual Illustrated Catalogue and Oarsman's Manual for 1871,** one Large Quarto Volume of 300 pages, printed in colors on tinted paper, containing seventy fine illustrations on stone and wood, and four large folding plates (12 x 40 inches,) strongly bound in muslin. Price $5.00.

BRIEF OF CONTENTS;

Introduction, Chapter I.—General history of rowing as a means of physical training, in England and the United States during the past fifty years.

Chapter II.—General classification and description of boats. Wooden and paper boats compared. General discussion of the details of racing boats.

Part I. Detailed description of all the different varieties of boats, oars and sculls built by us, fully illustrated. Details of care and repair, cost of shipment, &c.

Part II. Hints to oarsmen on rowing and training. Books to be consulted. Best boats for beginners and adepts. Hints on the organization of boat clubs. Copies of the Constitution and By-Laws of five prominent clubs in the United States.

Part III. On boat racing. Rules adopted by the highest authorities. Races won by Paper Boats 1868, '69, and '70. Harvard vs. Yale, and Oxford vs. Cambridge races, and those of the most prominent Regatta Associations in the United States.

Part IV. Complete list of the Boat and Rowing Clubs of the United States and Canada, on the 30th November, 1870, with full details of each club in regard to their officers, organization, Constitution and By-Laws, Boat Houses, boats. Estimated value of property, and description of the course each uses for rowing.

Part V. Plans, sections, elevations and descriptive details of Boat Houses, costing from $150 to $5000, with bills of material and all necessary data for building purposes.

OUR NEW CIRCULAR FOR 1871, GIVES THE CONTENTS OF EACH PART IN FULL.

☞ In consequence of the cost of this work, but a limited edition will be printed, one half of which is already taken. Those desiring it should send in their names early. Subscriptions will now be received.
